

Program Agenda – Ultrasound in General Practice

Total CE Hours: 16 (8 hours per day)

Format: Live – Lecture + Hands-On Lab

Dates: [Insert Dates]

Location: Green Dog Veterinary Center, Sherman Oaks, CA

Instructor: Dr. Michael Geist, DVM, DACVIM (SAIM)

Day 1 – Foundations of Abdominal Ultrasound

Time	Session Title	Description	CE Hours
8:30 – 9:00 AM	Check-in & Welcome	Light breakfast and course orientation	–
9:00 – 10:30 AM	Introduction to Ultrasound Principles	Machine functions, probe types, settings, and scanning fundamentals	1.5
10:30 – 12:00 PM	Lecture: Abdominal Organ Anatomy & Sonographic Appearance	Liver, spleen, kidneys, bladder, adrenal glands, GI tract – normal views	1.5
12:00 – 1:00 PM	Lunch Break	Catered on-site	–
1:00 – 3:00 PM	Hands-On Lab: Basic Scanning Techniques	Probe control, image optimization, scanning protocols (dogs and cats)	2.0
3:00 – 5:00 PM	Hands-On Lab: Full Abdominal Survey	Systematic scanning approach with instructor feedback	2.0
	Total Day 1 CE Hours		7.0

Day 2 – Image Interpretation & Clinical Application

Time	Session Title	Description	CE Hours
8:30 – 9:00 AM	Arrival & Refreshments	Light breakfast	–
9:00 – 10:30 AM	Common Diagnostic Pitfalls in Ultrasound	Errors in interpretation and how to avoid them	1.5

Time	Session Title	Description	CE Hours
10:30 – 12:00 PM	Case Studies: Interpreting Normal vs. Abnormal	Interactive review of real cases and pathology patterns	1.5
12:00 – 1:00 PM	Lunch Break	Catered on-site	—
1:00 – 3:00 PM	Hands-On Lab: Pathology Focus	Abnormal findings, guided imaging of select pathology (live animal models)	2.0
3:00 – 5:00 PM	Open Lab + Instructor Q&A	Attendees rotate through stations and get 1:1 time with instructor	2.0
	Total Day 2 CE Hours		7.0

Grand Total CE Hours: 14.0
